Tahsis Recreation Center Update:

Unfortunately, the pool re-surfacing project has been postponed until spring 2018 to allow more time to issue a tender for the project and award a contract. The pool will be cleaned and regular maintenance carried out before the pool re-opens on October 16, 2017.

Tahsis Recreation will be offering a six series yoga class on Tuesdays and Thursdays 3:30-4:30 PM starting November 28. Tuesday is a flow class and Thursday will be a Restorative/Yin class. The yoga classes will be for people of all ages and skill level, however Tuesday will be slightly more advanced and physically challenging. Classes will be based on donation. All donations will be put towards new equipment. Yoga students will have the option of buying or bringing their own equipment for their personal use or they will have to option to use the Recreation Centre's supply. Please contact the Rec Centre if you are interested in signing up for yoga.

To balance program offerings with our small staff complement, we are eliminating the evening swim on Tuesday and Thursday. There are 8 public or adult swim sessions/week plus 3 Aqua fit classes per week. We hope to hire a part-time lifeguard in the New Year which will allow us to offer more pool hours.

The Village's proposed Fees and Charges Bylaw (which has passed 3rd reading) eliminates all fees for use of the pool, gym, weight room and sauna. If the Bylaw is adopted these there will no longer be a fee to use these services.

For further questions or inquires please contact:
