

The Village of Tahsis now has a facebook page for residents of Tahsis to access emergency information on a regular basis. During an emergency situation updates will be posted to this site as they are received by the Village of Tahsis. Check out the facebook page at Village of [Tahsis Emergency Information](#).

For more emergency information, you could also go to [www.Get Prepared.ca](http://www.GetPrepared.ca) or www.pep.bc.ca.

If an emergency happens in our community, it may take emergency workers some time to reach you. You should be prepared to take care of yourself and your family for a minimum of 72 hours.

Become better prepared to face a range of emergencies – anytime, anywhere. Every household needs to have an emergency plan. It will help you and your family know what to do in case of an emergency.

Your family may not be together when an emergency occurs. Plan how to meet and how to contact one another, and discuss what you would do in different situations. Have a plan on where to evacuate in an emergency situation, depending on the time available. Have a grab-and-go bag ready at all times in your home. Have bottled water available.

If you have any questions about emergency preparedness feel free to call the Village of Tahsis at 250-934-6344. Your question will be passed on to trained emergency personnel who will call you back.
