## NEW PUBLIC LIBRARY BRANCH FOR TAHSIS

The Vancouver Island Regional Library (“VIRL”) has released the design of the new library branch building in Tahsis.

The new pre-engineered building will be erected on a Village owned lot behind the Tahsis Recreation Centre once the site preparation is completed. The Village has donated the land for the library. VIRL is responsible for all construction costs and the on-going operations. VIRL will announce the project dates within the near future.

This design is being used for new library branches in other small communities on the Island and Haida Gwaii.

For more information contact the Village Office: [reception@villageoftahsis.com](mailto:reception@villageoftahsis.com) or (250)934-6344 or the Vancouver Island Regional Library (250)729-2314
