Hi Corrine,

Unfortunately, since nothing has been done to date and no solid plan is in place, we will be moving forward with report to council for a remedial order. Should the work be done prior to council meeting date, this can be removed from the agenda.

Sincerely,

Enzo

NOTICE: This email is from an external source.

Hi

Thank you for your email. Spoke to Dan about the vehicle. He has it on his get rid of vehicle list for the next time the car hauler comes in. As for the yard cleanup, he is going to mow back and front once the weather is dry enough to deal with it. Dan is in Victoria at the moment doing a ranger job and should be back in Tahsis in about a week. As you may already know he bought a machine to do jobs and he has a blade on order to put on the machine to mow that back area. (grass is too high to try and mow when it is wet out) Not sure if Kim is there or still in Campbell River. I have left her two messages and she has yet to get back to me. I understand you gotta do what you gotta do. Just let me know if our plan of action is not ok

Thanks
Corrine Dahling
