Fees

1. The water system service fees in this schedule are imposed on the owners of real property, and are payable by all owners where a water connection has been installed, or is required to be installed, to a property and where plumbing is installed on the premises and is connected to the municipal system.
2. The water system service fees imposed by this bylaw are comprised of a fixed (flat rate) charge.
3. Fees are imposed and payable on properties that are unoccupied and/or unused.
4. The temporary shut off of water service to a property does not relieve the property owner of the obligation to pay the water system service fees as set out in this schedule.

Property Classification

3. Where multiple classifications of uses exist and are serviced by a common connection line, the property is deemed to be for Industrial use for purposes of this bylaw.

Collection of Fees

4. A charge under this bylaw shall be imposed on and from the first day of the month immediately following the date the water service connection to that property is turned on.
 - (i) shall be due and payable in advance in the first calendar year of service; and
 - (ii) shall be due and payable annually in advance thereafter on the 1st day of January in each year.
5. A charge under Section 2(ii) of this bylaw shall be billed on or before the 31st day of May in each year. A penalty in the amount of ten percent (10%) of the unpaid sum shall be added to any charge remaining unpaid after July 2nd in the year of billing unless Council has adopted an alternative scheme under the *Community Charter*, s. 233.
6. A charge imposed under this Bylaw which remains unpaid on the 31st day of December in any year shall be deemed to be taxes in arrears on the land or real property on which the charge was imposed and may be recovered as authorized in section 258 of the *Community Charter*.
7. Failure to receive an invoice or notice is not justification for the non-payment of an applicable fee.
8. No deduction in the charges under this bylaw shall be allowed on account of any waste or leak of water.
