

REGIONAL EOC ACTIVATED

In conjunction with the Village of Tahsis, SRD has activated a Regional EOC (Emergency Operation Centre) for coordination efforts to make sure people are being kept safe during the extreme weather events & unprecedented power outages.

- A Warming Centre has been set up at the Tahsis Recreation Centre
- Cots, blankets, food, wireless internet & cell phone charging is available.
- If needed, the Canadian Coast Guard (CCG) will transport patients to Gold River in the event of medical emergencies if the ambulance is unable to get out & CCG will pick up prescriptions in Gold River for Tahsis patients, if required.

Please stay off roads until they are safe to travel & check in on elders, seniors and others who are vulnerable to make sure they are safe.
