

FREE Tahsis Grocery Delivery

Thursday January 13th

Our Regional Emergency Operation Centre has secured emergency funding to transport groceries into Tahsis on Thursday January 13th.

Steps:

- Visit www.saveonfoods.com + place your order by **9am on Thursday January 13th**.
- Create an account if you do not have one.
- If you do not have a credit card, maybe you can piggyback on someone else's order.
- Please put **Tahsis Winter** order in the notes. When it asks for pickup date and time, put any date and time in between now and 9am on Thursday, as long as you put **Tahsis Winter** in the notes you'll be taken care of.
- Each order will be boxed & labelled with the matching online order number of their order.
- Produce items are usually by the each or by weight. Watch closely when choosing.
- Once again it is very important for Save On Foods that the comment box comment lets Save On Foods know that it is to be boxed and going to Tahsis with the other orders.

Your order can be picked up at 2pm at the Recreation Centre.

Note: this is not a permanent service, funding availability will be reassessed on a weekly basis depending on road conditions.

If you have questions, please contact Protective Services Coordinator Shaun Koopman at skoopman@srd.ca or 250-830-6702

Disclaimer – the organizations coordinating this service accept no responsibility for lost or damaged items during the transport of your order.
