Earth Week Clean-Up

Help us keep our community clean!

Comox Strathcona Waste Management is asking for your help to celebrate Earth Week. Even if you only have one hour to spare, consider collecting litter or waste from around your home or place of work. Gather a group of friends and choose a larger site to clean.

To learn more and register to help clean up for an hour, email: svaldal@comoxvalleyrd.ca or call: **250-336-8083, extension 4.**

If you spot an illegal dump site or see someone disposing of trash in the environment, report it.
