

Strathcona Regional District is developing a Poverty Reduction Plan

Our community is evolving, which has brought challenges related to housing, cost of living, employment, and social support. To ensure our community's continued growth and prosperity, we need to adapt. The Poverty Reduction Plan will identify a clear path forward to improve living conditions and increase the opportunities available to those living in poverty.

Join the conversation!

Attend an upcoming Community Insight Forum to learn more about the Poverty Reduction Plan and share your ideas.

We invite community members to share insights, collaborate, and contribute to positive changes in our plans and strategies. Together, we can create a resilient, thriving, and safe community for all.

Door prizes, meals, and child entertainment are provided.

We invite community members to share insights, collaborate, and contribute to positive changes in our plans and strategies.
