

EARTHQUAKE / TSUNAMI AWARENESS

APRIL 17, 2024

11am to 1pm

HOW DO I PARTICIPATE?

At **11:00am** a notification will be sent through the ALERTABLE system, SIMULATING a localized severe earthquake, prompting an evacuation to high ground.

During a severe earthquake, it is recommended to DROP, COVER and HOLD ON.

After the ground stops shaking, count to 60 to ensure there are no immediate aftershocks. Grab your household emergency supplies and head to the brightly painted sea cans in the park on **Discovery Crescent**. Travel by foot, bike or vehicle. If this were an actual emergency, we encourage you to bring a vehicle. For this event, please only bring your vehicle if absolutely required.

*A FREE BBQ and Disaster Preparedness Display is being held at the **Discovery Crescent** Muster Site. Enter the draw and you'll have a chance to win a household emergency kit.*
