

Information Notice for potential election candidates.

As you are no doubt aware, the close of nominations for the two Council positions for the Village of Tahsis is 4:00 pm, Friday, April 12, 2024.

Many candidates leave filing their nomination papers too close to the filing deadline, but there is a risk to leaving it too late. The Chief Election Officer is required to review the nomination papers for completeness, including verifying that the five nominators are eligible electors for the Village of Tahsis. If papers are filed somewhat in advance of the deadline, and there are anomalies, the Chief Election Officer will contact that potential candidate and offer that individual the opportunity to resubmit the part of the nomination package with inconsistencies or incomplete information. If nomination papers are filed at, or close to, the deadline, there may not be time for the Chief Election Officer to review the papers and offer the potential candidate the opportunity to resubmit any erroneous documents and the individual will be deemed ineligible as a candidate.

The completed documents must be received by 4:00 pm, Friday, April 12, 2024. After that deadline, there is no opportunity to make amendments or resubmit. The Chief Election Officer cannot make any amendments to your documents on your behalf.
