

## **SMOKE ALARM CAMPAIGN BEGINS SATURDAY MARCH 8, 2025**

*WORKING* smoke alarms are a key part of a home escape plan. When there is a fire, smoke spreads fast. *WORKING* smoke alarms give you early warning, so you can get out outside quickly!!

The Tahsis Fire Rescue Department supported by the Tahsis Volunteer Firefighters Association will be beginning a door-to-door smoke alarm campaign.

Firefighters will provide a free replacement battery or install one new smoke alarm in a residence at no charge if required.

These checks are voluntary and are not an inspection.

These door-to-door home visits will be held on a regular basis, until we've attended each home in the community.

For more information, contact the Fire Rescue Department at 250-202-9618 or [firedepartment@villageoftahsis.com](mailto:firedepartment@villageoftahsis.com)

**Working smoke alarms save lives.**

They should be properly installed and maintained in every home.
